“ It is at times like these that words seem to be so insignificant and small. So let me just say that I am so very sorry for your loss and my heart aches for each member of your family. I know first hand how very close you all have always been since I witnessed it first hand. I grew up with Brooke and Kristen and April was always in the mix. It was my great blessing to have known her and all of her extended family. The love you all have for each other is palpable and I know that it will sustain you in this time of sorrow. Please know that I can only offer my condolences and promise to keep each of you in my prayers.
I have many memories of "Lirpa" as we all called her when we were growing up. She always was full of giggles and she lit up a room whenever she walked in. I know BAA is loving on her right at this very moment!###imported-begin##Sue Bozman Greene##imported-end##
