“ Mom, this will be my first Christmas without you. I am trying my best to cope. I even sent you a Christmas card in the mail, not thinking that you would not receive it, So I have decided that I will make a card every year in your memory. You may be gone but will never be forgotten. I love and miss you so much. You are my Guardian Angel now. I made a promise to do better and to help others.

“ Mom, where do I begin? Life has been so hard with you not here. No one to talk to, know one to give me advice or just listen to me vent about anything. I had a dream recently and I got to hug you and tell you I love you again and it felt so real.

“ I know I used to get on your nerves so bad, but you still loved me in the end. when I would go into my "disappear mode" you were always there when I would come back home. You understood me when others didn't.

“ Liz was a dear and treasured friend. We had a lot of memories in the 20 plus years I knew her. She was always there in my lowest times and there to laugh at my dumbest times. I will miss the times we shared in the years I knew her. We were there to support each other through the good and the bad. I feel blessed to have been a part of her close circle and family. You will be sadly missed my friend. Take care of BJ . Till we meet again.
