“Dad, it's been 13 yrs and it still feels like yesterday. I have my pictures of you but not your voice, and there are days that I REALLY wish you were here to talk you. But I do still talk to you in my head!! I miss you very much, dad and your help and advice on things. Love you even more so. I pray that you are happy and that we'll see each other again some day!

“Dad. Don't know why but was just thinking about you today. Maybe because it's Super Bowl Sunday(sorry but the Cowboys didn't make it -again!) or maybe because it's been 10 years, I don't know. Just wanted to express my loss not being able to talk with you. As time continues to move forward and my own memory is fading, without looking at old photos, it's getting more difficult to remember what you sounded like. So I hold on to the thought that there is a place after this where there is no pain or struggle and your spirit is there. Love Danny
