“ Said goodbye, turned around
And you were gone, gone, gone
Faded into the setting sun,
Slipped away
But I won't cry
Cause I know I'll never be lonely
For you are the stars to me,
You are the light I follow

*I will see you again,
This is not where it ends
I will carry you with me,
Till I see you again*

*I can hear those echoes in the wind at night
Calling me back in time
Back to you
In a place far away
Where the water meets the sky
The thought of it makes me smile
You are my tomorrow*

*I will see you again,
This is not where it ends
I will carry you with me,
Till I see you again*

*Sometimes I feel my heart is breaking
But I stay strong and I hold on cause I know
I will see you again,
This is not where it ends
I will carry you with me
I will See you again, ohhh
This is not where it ends
I will carry you with me,
Till I see you again.*

“ *A more special friend did not exist. We could go weeks or more without seeing each other or even talking, but as soon as we were together that time melted away. Wanda was a lifeline for us more times than we care to count. She could always make us laugh, even when things were bad. There will never be another person who can fill the void left by her passing. Our hearts go out to her family with special prayers for Donna who was there for her when she needed her most. God speed our dear friend. May your journey be filled with peace.*
